Michelle,

Got them down. Will the training be at the downtown office?

Michelle,

I hope things are going well for you at EPA. The cost for service is the same as last year, \$(b)(4) for a three hour training and \$(b)(4).00 for consulting and risk assessment. In terms of training, classes on different weeks works for me. Both August and September are about the same as far as training dates. I will be out of town the first week in August and the last week in September. Let me know what you would like to do. Take care.

Hi Dr. Nicoletti,

I hope you are doing well.

The EPA is planning for a few training sessions for employees and supervisors. Our current plans are for one 3 hour supervisor class and two 2 hour employee classes. What is your current rate per hour for training?

Also, what is your current rate per hour for a consultation? (I want to ensure we have sufficient funds set aside in case we need to consult with you about an issue.)

What month would work better with your schedule for the training - August or September?

Would you prefer to conduct all classes in one day or does that matter to you? We would prefer to have the two employee classes during different weeks to ensure the maximum number of participants.

Thanks,

Michelle
